## BAIL IS DENIED BANKER MORSE

Famous Financier Must Stay  
in the Tombs Prison.

### HARD BLOW TO THE PRISONER

Had Expected to Obtain His Release  
on Bond—Another Feature of His  
Incarceration in the Tombs Is That  
the Time Served There Would Not  
Count as Part of the Term He May  
Have to Serve in Federal Prison.

New York, Nov. 11.—Bail was denied Charles W. Morse, the financier, who has been sentenced to fifteen years' imprisonment at hard labor, at the closing of the United States circuit court of appeals, and it now seems certain that the former multimillionaire must remain in the Tombs prison at least until Dec. 3, next, when argument on the writ of error that has been granted him may come up.

Judges Lacombe, Ward and Cox of the United States court of appeals rendered the decision. One loophole is left open to Morse's counsel in the decision and that is that the judges decided while bail was denied it was done so "without prejudice to a renewal of the application after a bill of particulars is filed."

The judges stated briefly that as the trial judge in the proceedings against Morse had refused to admit him to bail, the reviewing judges were not prepared on the papers submitted to them to make a disposition of the motion.

Morse had been hopeful of gaining his release from the Tombs immediately and the denial of bail came as a hard blow. His wife and son Harry had been with him in the jail during the afternoon and they encouraged him in the belief that he would be free by nightfall. Mrs. Morse and her son left the prison before the decision had been rendered and the news was conveyed to the prisoner by an assistant in his counsel's office.

While Morse tried to hide his disappointment, he felt too cast down to do so. He walked to the rear of his cell and sat on the edge of his hard, narrow berth and refused to make any comment.

There is one feature of the case that is particularly disagreeable to Morse. That is that no matter how long he is compelled to remain a prisoner in the Tombs the time will not count as part of the fifteen years he must serve in the federal prison at Atlanta, Ga., in case he loses his fight for a new trial.

Judge Hough gave as his reason for refusing to admit Morse to bail that the case was not an extraditable one and that it would be easy for Morse to furnish bail through a bonding company, as the prisoner was worth \$22,000,000. Morse in an affidavit presented to the judges of the United States court of appeals Monday denied that he was a millionaire, saying that he had not enough money or securities to meet his obligations.

These were the principal points considered by the judges in arriving at their decision to deny bail. It is said that the Morse attorneys will take advantage of the opportunity to file a bill of particulars, as Morse is exceedingly desirous of obtaining his release.

### TWO MEN KILLED OUTRIGHT

Two Others Fatally Injured and Half  
a Dozen Severely Hurt.

Deep River, Conn., Nov. 11.—Two men were killed outright, two others were fatally injured and a half dozen more were severely hurt when a work train with Italian section hands aboard crashed into the rear of a freight train standing on the main track of the New York, New Haven and Hartford railroad in front of the station here. There were twenty-eight Italians on the work train and all suffered injuries.

### Shoots His Wife and Himself.

Grand Rapids, Mich., Nov. 11.—In a drunken frenzy Jacob Sikkema, aged thirty-two, shot his wife Cora twice at their home and then shot himself through the head, causing instant death. A six-weeks-old baby in the room was unharmed. The woman has light chances for recovery.

### Taft's Plurality in Minnesota.

St. Paul, Nov. 11.—Taft's plurality in Minnesota will be at least \$5,000. Practically complete returns, in most cases official count, give him \$5,316. This is based upon the complete figures in all except a half dozen counties, and in these the pluralities given are very close to being correct.

## KAISER SCORED BY PARLIAMENT

Emperor William Severely Criticised in Reichstag.

### INDISCREET IN UTTERANCES

His Majesty's Court, His Ministers and His Treatment of the Constitution, as Well as His Freedom of Speech, Discussed in a Manner That Astonished Observers Acquainted With the Traditional Caution of the Chamber.

Berlin, Nov. 11.—Emperor William never has been so severely judged by his parliament as he was during the debate in the reichstag on the interpellations concerning the conversations published with the permission of the emperor in the London Daily Telegraph, on Oct. 28. The criticisms of his majesty's court, his ministers and his majesty's treatment of the constitution, as well as of his freedom of speech, went to lengths that astonished observers acquainted with the traditional caution of the chamber in dealing with the personality of the sovereign. And the emperor seemed to have no defenders.

Chancellor von Buelow made an address lasting fifteen minutes, but he lacked his usual spirit, and a person high in his confidence is authority for the statement that he also had told the emperor that neither himself nor his successors could remain in office unless his majesty was more reserved. Prince von Buelow spoke solemnly, and without making use of any dramatic effects. The house received his explanation in icy silence. Instead of giving it that cordial applause which as a general thing follows the chancellor's fine parliamentary declarations.

### Even Conservatives Are Relentless.

The Conservatives, representing largely the landed nobility, were almost as relentless as the Socialists, the Radicals and the National-Liberals, and the proceedings are regarded by the extreme Liberals as the beginning of a long contest between the crown and parliament that may end in Germany having a ministry responsible to parliament and not to the crown alone.

When Herr Bassermann, the National-Liberal leader, a friend of Chancellor von Buelow, and a specialist in foreign affairs, began discussion of the incident there was hardly a vacant seat on the members' benches, while the galleries were brilliant with the uniforms of officers and the costumes of women. Some thirty foreign newspaper correspondents were in the press tribune.

Herr Bassermann was followed by Herr Welmer, Radical, and he in turn gave way to Herr Singer, Socialist, who declared that if any other servant of the state had done such a thing as had Emperor William he would be brought before an imperial court for trial. Prince von Buelow spoke earnestly in reply to the critics of the government and the emperor. His address was devoid of gesture.

Herr von Heydebrandt and Prince Hatzfeldt, Conservatives, and Baron von Htreling, a member of the Center party, took part in the debate and energetically protested against the personal element being injected into foreign politics.

Herr Liebermann von Sonnenberg, the agrarian and anti-Semite, surprised the house by the vehemence of his utterances. He declared that the monarchists, with heavy hearts, found themselves compelled to protest firmly against the emperor's statements. The nation's confidence, he said, has sunk to zero.

The house then adjourned, and when the chancellor departed the crowds outside the doors cheered and hooted him.

### SLAYERS OF CANNOLE.

Believed to Be Men Who Went Broke  
in a Poker Game.

Duluth, Nov. 11.—Detectives have learned that the two men who killed James M. Connole in a Proctor pool-room Oct. 30 went broke in a poker game in another building and that they decided to recuperate their fallen fortunes by an attempted robbery, which culminated in a killing.

Two suspects are being shadowed by detectives and arrests may take place in the next twenty-four hours. The two men, it is said, have never left Proctor.

### Children Badly Burned.

St. Louis, Nov. 11.—Fire broke out in the rear of a tenement house at 221 Sidney street. Two children were badly burned and a man is missing.

### TAFT AND HITCHCOCK MEET

Talk Over the Phases of the Last Campaign.

Hot Springs, Va., Nov. 11.—President-elect Taft and his national chairman, Frank Hitchcock, had a long and pleasant chat over the many phases of the last campaign. It was the first opportunity for such an extended and cordial exchange of views and at its conclusion both the president-elect and the national chairman expressed their pleasure in the interview.

"We chucked each other under the chin and enjoyed many things in the campaign that were decidedly serious before," said Judge Taft. He added that Mr. Hitchcock had told him many interesting things that he had not known respecting the pre-election work, and Chairman Hitchcock said that he had had the pleasure of informing Judge Taft that the campaign had been conducted so far as he was concerned without the giving of a single promise or pledge which would bind Judge Taft as president, either in exchange for personal service in the campaign or for contributions to the Republican cause.

"I had known all this before," commented Judge Taft, "but it was gratifying to have the statement come direct from the national chairman at the conclusion."

Mr. Taft was told about the campaign fund which Mr. Hitchcock is to make public in detail in a few days. The national chairman said that this fund was smaller in its aggregate than any similar fund since the record of such funds had been kept and that it was collected from every state in the Union and represented a wider distribution of support than ever before.

Mr. Hitchcock said that New York and the East furnished proportionately the largest part of the fund.

"The make-up of the cabinet was not discussed," was the statement of both participants to the conference.

### TO COURT OF ARBITRATION

Question at Issue Between France and Germany to Be Submitted.

Paris, Nov. 11.—The question that has arisen between France and Germany over what has come to be known as the "Casa Blanca incident," arising out of the arrest by the French authorities of German deserters from the French foreign legion, will be referred to a court of arbitration. M. Jules Cambon, the French ambassador at Berlin, and Baron von Waeche, the German acting secretary for foreign affairs, signed an agreement looking to the settlement of the matters in dispute.

The official text of the agreement sets forth that after an exchange of expressions of regret that the incident occurred the entire question of law and facts shall be submitted to arbitration. No mention is made of The Hague tribunal, the selection of the court being left open for adjustment later.

The agreement also provides that the country whose agents are adjudged at fault shall make an apology to the other.

## DEFENSE OF ALLEGED MURDERER OUTLINED

Contended That Mrs. Gunness  
Still Is Alive.

Laporte, Ind., Nov. 11.—The Lamphere case in the Laporte circuit court, in which Ray Lamphere is charged with the murder of Mrs. Bella Gunness and her three children, came to an abrupt halt when the second venire had been exhausted without a jury having been obtained. With the examination of George H. Teeters, who was peremptorily excused by the defense, the examination of sixty-two talesmen, twelve from the regular panel and fifty on two special venires, was concluded, and so Judge Richter at once ordered a third venire.

With the adjournment of court ten jurymen accepted by both the state and the defendant's attorneys were in the box with pretty fair indications that all of them will remain on the jury as finally accepted.

The defense, convinced now that it will be necessary to introduce evidence for the purpose of clearing Lamphere, made public some of the new evidence in its possession, the principal of which is the story of Fred Lambright, a neighbor of Mrs. Gunness, who now claims that one night in July as he was driving to town he saw a man and a woman in a buggy drive into the Gunness yard. He heard the woman say "the money ain't here," after she had jumped out of the rig and walked around the ruins of the burned house. He says that the woman was built very much like Mrs. Gunness, looked like her and the voice was similar to that of Mrs. Gunness. The man, he says, he did not recognize. This evidence, Attorney Worden states, is to be used to corroborate the story of D. M. Hudson and his two daughters, who will testify for the defense that they saw Mrs. Gunness on July 9.

### THE KILLING OF CARMACK

The Absorbing Topic of Conversation in Nashville.

Nashville, Tenn., Nov. 11.—The body of former Senator E. W. Carmack, who was killed here in a street duel with Robin J. Cooper, has been sent to Columbia, Tenn. Impressive scenes at the union station marked their departure. Members of the W. C. T. U., whose cause Mr. Carmack had ably championed, gathered at the station in numbers and as the casket was borne in, joined in singing "Lead Kindly Light" and "Stand for Jesus." A brief address was delivered by Rev. Ira Landrith. Mrs. Carmack and a few of her closest friends were on the special car which conveyed the body, and the profusion of flowers was but another of the many testimonials of grief from hosts of friends and sympathizers. All during the morning hours a stream of callers had entered the home of Frank Landrith, where the body lay. When the funeral party reached Columbia it was met by a large concourse of friends. The body was at once taken to the Carmack home, where the funeral services will be held.

The tragedy was the absorbing topic in Nashville, and many sensational rumors have circulated.

Robin Cooper, who fired the fatal shot and who was himself wounded, is under arrest at a local hospital. He is doing well, but his physicians stated that the wound, which is near the collar bone, is in a dangerous place and complications are not unlikely. Colonel D. B. Cooper, who was with his son when the shooting occurred, has been transferred from police headquarters to the jail. He had nothing to say.

Friends of Carmack are loud in their condemnation of the Coopers.

### Minnesota Man Killed.

Butte, Mont., Nov. 11.—Arthur Beers, a veteran railroadman in the employ of the Chicago, Milwaukee and St. Paul, was killed in a collision between a passenger train and a freight seven miles east of Butte. Beers, recently of Austin, Minn., was a conductor of the freight and was hurled from a flat car under the wheels and mangled, dying a few hours later.

END ALL STOMACH MISERY

Diapepsin Will Regulate Your  
Stomach Before you  
Realize it

Miserable indeed is the man or wo-  
man whose digestive system is unstrung  
—who goes to the table and can not  
eat or what little is eaten seems to fill  
them and lays like a lump in the stom-  
ach, refusing to digest.

If you, dear reader, suffer this way  
and will put on your wraps now and  
get from your pharmacist a 50-cent  
case of Pape's Diapepsin and eat one  
22-grain triangle after your next meal  
you would appreciate, five minutes lat-  
er, how long you suffered unnecessarily.

There will be no more indigestion—  
no misery in the stomach—no sour ris-  
ing or belching of gas, no heartburn,  
flatulency or eruptions of undigested  
food and acid or feeling of nausea, full-  
ness, headache or other symptoms of a  
weakened stomach.

Stomach trouble and indigestion van-  
ish like snow before the blazing sun.

When Diapepsin works your stomach  
rests—gets itself in order. Diapepsin  
purifies and sweetens a sour stomach  
and freshens the intestines without the  
use of laxatives, and what is more, it  
increases the gastric juices. This is  
what your stomach is begging for—  
more and better digestive juices. This  
is what makes you hungry and  
want to eat, and you can rest assured  
what you then eat will be taken care  
of properly and not left in the stomach  
to ferment and turn to gas and acid,  
and poison the breath with nauseous  
odors.

Get a 50-cent case from your drug-  
gist now—you ought to have Diapepsin  
about the house always. Should one of  
your family eat something which does  
not agree with him or her or a sour  
stomach or excessive gas, one triangle  
will always give immediate relief.

P. M. Bisier, living at 412 S. Twelfth

from occasional attacks of kidney  
trouble for some years. There was a  
lameness across the small of my back,  
which soon developed into a constant  
dull ache. When the spells were at  
their height, the secretions became  
somewhat irregular in action and de-  
posited a heavy sediment. This was  
sufficient indication that my kidneys  
were disordered and when I heard  
Doan's Kidney Pills so highly recom-  
mended, I procured a box from H. P.

## MRS. REED IS UNDER ARREST

### Woman Who Threatened Mrs. Phipps Placed in Jail.

### AT REQUEST OF MILLIONAIRE

Denver Police Again Take Into Custody the Wife of a Druggist of That City—Alleged Blackmailer Supposed to Be a Slave to the Drug Habit, as Her Income Exceeds Twelve Thousand Dollars a Month.

Denver, Nov. 11.—Further developments as to the identity of the woman who on Monday threatened Mrs. Genevieve Chandler Phipps with death unless she delivered over \$20,000 within an hour, show that it was not the need of money that influenced her to attempt blackmail, but must have been the suggestion of a diseased mind. After learning that the woman was the wife of Allen Reed, a druggist of this city, investigation showed that Mrs. Reed is one of two daughters of a Springfield, Mass., millionaire woolen manufacturer, named Campbell who died recently, leaving a large estate to his daughters. Mrs. Reed's income from her share is more than \$12,000 a month. The police are convinced that Mrs. Reed is insane, perhaps from the use of drugs, and they turned her over to the care of her husband, who arrived from Buffalo Park, Colo., as soon as he learned that his wife was in trouble. Mr. Reed suggested that perhaps he would place his wife in a private sanitarium for treatment. Although Mrs. Reed displayed better mental control toward the last of her interviews with Chief of Police Armstrong, she is unable to explain her attempt to coerce Mrs. Phipps into giving her a large sum of money and cannot remember where she procured the dynamite with which she threatened the life of Mrs. Phipps and her daughter Helen. One theory is that Mrs. Reed was returning from Pittsfield to Buffalo Park, where she was to join her husband at their country home, and while stopping off here between trains, she was struck with the idea of extorting money from Mrs. Phipps. It is evident that she intended to go on to Buffalo Park at first, for all her trunks and baggage had been checked for that station.

Lawrence C. Phipps, the Pittsburg millionaire and divorced husband of Genevieve Chandler Phipps, through his attorney, Gerald Hughes, requested the police to rearrest Mrs. Reed and hold her in custody pending further action in the case. The police refused to say what action Mr. Phipps proposed to take and all efforts to communicate with Mr. Phipps himself or his attorney have been unavailing. Mrs. Reed was arrested and placed in a cell.

An elephant while stamping through the jungle one day quite unintentionally stepped upon a mother bird, crushing it to death. Hearing the cries of the little brood in the bushes near by, she sought out the nest and with a sympathetic sigh said: "Poor little things! I've been a mother myself. I'll keep you warm." And she then proceeded to sit upon the nest.—From George T. Lanigan's Fable, "The Kind Hearted She Elephant."

## COMMUNITY WROUGHT UP.

Incendiary Fire and Stabbing Affray Cause Excitement in Kentucky.

Lexington, Ky., Nov. 11.—As a result of an incendiary fire destroying the drugstore and office of Dr. W. B. McClure at Sherburne, Bath county, one man is under arrest, another is probably fatally stabbed, and the whole community is so wrought up over the affair that rioting is expected there. Captain V. G. Mulliken received a telephone message from Sherburne to come there with his bloodhounds. He arrived at Sherburne early in the day. The dogs at once took up the trail at the site of the burned buildings and followed it to the home of Harry Morgan. Mulliken was accompanied by T. G. Daugherty, whose barns were destroyed by night riders last spring. As Mulliken turned to leave the house with Daugherty and Morgan under arrest, young Harry Morgan stabbed Daugherty twice. For a time a general fight seemed imminent, but the cooler men in the party prevented this. Harry Morgan is held at Sherburne.

## AGED MAN KILLS HIS WIFE

### Then Attempts to End His Own Life by Hanging.

Viroqua, Wis., Nov. 11.—In a fit of insane jealousy, eighty-four-year-old Eland Olson killed his wife, one year his junior, and then attempted suicide. Olson on frequent occasions recently, it is reported, had upbraided his wife, claiming she was receiving attentions from a farm hand. A son of the couple found his mother weltering in her own blood with a deep gash in the back of her head, where she had been struck by an axe. In another room he found his father hanging from a rope with blood gushing from a deep cut in his abdomen. The husband cannot recover.

## Two More Fire Victims Dead.

Lead, S. D., Nov. 11.—Horace Watson of Springfield, S. D., and Ella Hawks of Mercer, Pa., burned in Monday's fire here, are both dead. Gladys Hall of Kansas City cannot live and the recovery of four others is doubtful.

## None Left Alive.

"An orator," said one of our statesmen, "was addressing an assemblage of the people. He recounted the people's wrongs. Then he passionately cried:  
"Where are America's great men? Why don't they take up the cudgel in our defense? In the face of our manifold wrongs why do they remain cold, immovable, silent?"  
"Because they're all cast in bronze!" shouted a cynic in the rear."

## Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.  
It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. ## BOILER EXPLODES AND SINKS SHIP

### Five Persons Killed and Many Others Injured.

North Bay, Ont., Nov. 11.—When the steamer Temiskaming was approaching the landing at Temiskaming the boiler exploded, wrecking the steamer and causing the death of at least five persons by explosion or drowning. Several of the passengers and crew were hurled into the water by the shock and many are injured. Owing to the remoteness of the scene of the disaster details are lacking. A man named McBride, a hunter from the United States, is missing and there is little doubt of his fate. J. Menard and T. Bergouhan, firemen, and two men whose names are unknown, are dead.

Six are badly burned and several may die. A special train was dispatched from Mattawa to take the injured to that town.

## ENGINE HITS AN AUTO.

### Four Persons Killed and One Slightly Injured.

Red Bluff, Cal., Nov. 11.—In a collision between an automobile and a locomotive in this city four persons were killed and one was slightly injured. The dead are:  
George K. Willard, Mrs. G. K. Willard, Miss Olive Willard and Mrs. Irene Hayes.  
Imogene Willard was slightly injured.

The automobile carrying the Willard family and Mrs. Hayes was struck by the engine of a special train carrying General Superintendent Young and several division superintendents of the Southern Pacific railroad on a tour of inspection.

Mr. and Mrs. Willard, their daughter and Mrs. Hayes were thrown a distance of 200 feet and killed.

The trainmen say that the automobile carried no lights.

## FLEE FROM DEATH VALLEY

### Miners Desert District Because of Earthquakes.

San Bernardino, Cal., Nov. 11.—Death valley and the surrounding country are in the throes of a series of earthquakes, which began three weeks ago and the most violent of which occurred last Wednesday morning before daylight, carrying consternation among the mining camps and resulting in many miners and prospectors fleeing from the district.

Samuel Lawrence, one of the first miners to reach here with details of the earthquakes, said that for three weeks past there have been one or two rumbles daily. They have all been light with the exception of that which upheaved the district Wednesday. The dismal crags of the Funeral range seemed to fairly totter when the severe shock came. Miners were tossed from their bunks, camp equipment was scattered about, horses and mules stampeded and immense boulders were thrown down. At daybreak the miners commenced to leave.

## The Gatling Gun.

Richard Jordan Gatling, the inventor of the gun bearing his name, was a native of Hartford county, N. C., where he was born in 1818. The Gatling gun was not used to any extent during the war between the states, a dozen or so being employed by Butler on the James river. The invention was not made fairly practical until 1893, when the gun was adopted into the United States service.

Of land animals the rabbit holds the palm for rapid increase. A rabbit breeds seven times a year, producing about eight young at a time.

## BAIL IS DENIED BANKER MORSE

Famous Financier Must Stay  
in the Tombs Prison.

### HARD BLOW TO THE PRISONER

Had Expected to Obtain His Release on Bond—Another Feature of His Incarceration in the Tombs Is That the Time Served There Would Not Count as Part of the Term He May Have to Serve in Federal Prison.

New York, Nov. 11.—Ball was denied Charles W. Morse, the financier, who has been sentenced to fifteen years' imprisonment at hard labor, at the closing of the United States circuit court of appeals, and it now seems certain that the former multimillionaire must remain in the Tombs prison at least until Dec. 3, next, when argument on the writ of error that has been granted him may come up.

Judges Lacombe, Ward and Cox of the United States court of appeals rendered the decision. One loophole is left open to Morse's counsel in the decision and that is that the judges decided while ball was denied it was done so "without prejudice to a renewal of the application after a bill of particulars is filed."

The judges stated briefly that as the trial judge in the proceedings against Morse had refused to admit him to bail, the reviewing judges were not prepared on the papers submitted to them to make a disposition of the motion.

Morse had been hopeful of gaining his release from the Tombs immediately and the denial of bail came as a hard blow. His wife and son Harry had been with him in the jail during the afternoon and they encouraged him in the belief that he would be free by nightfall. Mrs. Morse and her son left the prison before the decision had been rendered and the news was conveyed to the prisoner by an assistant in his counsel's office.

While Morse tried to hide his disappointment, he felt too cast down to do so. He walked to the rear of his cell and sat on the edge of his hard, narrow berth and refused to make any comment.

There is one feature of the case that is particularly disagreeable to Morse. That is that no matter how long he is compelled to remain a prisoner in the Tombs the time will not count as part of the fifteen years he must serve in the federal prison at Atlanta, Ga., in case he loses his fight for a new trial.

Judge Hough gave as his reason for refusing to admit Morse to bail that the case was not an extraditable one and that it would be easy for Morse to furnish bail through a bonding company, as the prisoner was worth \$22,000,000. Morse in an affidavit presented to the judges of the United States court of appeals Monday denied that he was a millionaire, saying that he had not enough money or securities to meet his obligations.

These were the principal points considered by the judges in arriving at their decision to deny bail. It is said that the Morse attorneys will take advantage of the opportunity to file a bill of particulars, as Morse is exceedingly desirous of obtaining his release.

### TWO MEN KILLED OUTRIGHT

Two Others Fatally Injured and Half a Dozen Severely Hurt.

Deep River, Conn., Nov. 11.—Two men were killed outright, two others were fatally injured and a half dozen more were severely hurt when a work train with Italian section hands aboard crashed into the rear of a freight train standing on the main track of the New York, New Haven and Hartford railroad in front of the station here. There were twenty-eight Italians on the work train and all suffered injuries.

### Shoots His Wife and Himself.

Grand Rapids, Mich., Nov. 11.—In a drunken frenzy Jacob Sikkema, age thirty-two, shot his wife Cora twice at their home and then shot himself through the head, causing instant death. A six-weeks-old baby in the room was unharmed. The woman has light chances for recovery.

### Taft's Plurality in Minnesota.

St. Paul, Nov. 11.—Taft's plurality in Minnesota will be at least \$5,000. Practically complete returns, in most cases official count, give him \$5,316. This is based upon the complete figures in all except a half dozen counties, and in these the pluralities given are very close to being correct.

### EXCEEDED SPEED LIMIT.

Wu Ting Fang's Chauffeur Placed Under Arrest.

New York, Nov. 11.—Wu Ting Fang, Chinese minister to the United States, witnessed an example of the zeal of New York city bicycle policemen in checking speeding automobilists when a motor car in which he and a number of his staff were riding was pursued for more than thirty blocks down Broadway and overtaken when it stopped at the Manhattan hotel, where the minister was to be a guest at a banquet.

As soon as the auto stopped a bicycle policeman sped up on his wheel, jumped to the curb and ordered the chauffeur, Romeo Oliver, from the box. The bluecoat was astonished to see two distinguished looking Celestials step from the cab of the motor car and he was more astonished a second later when Secret Service Agent P. M. Baldwin stepped to his side and made known the identity of the Chinese minister.

Visions of international complications flashed through the mind of the bicycle policeman, whose name is Lemmon, but he had already declared the chauffeur under arrest for violating the speed laws, and he said there was no other course left open to him but to take the chauffeur to the night court. Wu Ting Fang and Mr. Ho, his companion in the automobile ride, walked quickly into the hotel when they saw that the secret service man had taken charge of the case.

Lemmon described the flying trip of the automobile down Broadway to Agent Baldwin and Baldwin further confused the policeman by saying that the chauffeur was aware that he had been exceeding the speed limit and had been ordered to do so. Mr. Baldwin said that he would accompany the policeman and his prisoner to the police station and the night court, and he did.

Magistrate Steinert fined Oliver \$5 for speeding, which fine Mr. Baldwin paid, and the chauffeur was released.

### TWO HUNTING ACCIDENTS.

One Michigan Boy Killed and Another Fatally Wounded.

Menominee, Mich., Nov. 11.—Duncan McKay, aged seventeen, was accidentally shot and killed by his brother Fred. The two were hunting deer when the latter stumbled and fell. His gun was discharged. The load struck Duncan, who was instantly killed.

Otto Sternhaben, aged eleven, of Menominee, was accidentally shot in the woods near this place by an unidentified hunter. He probably will die.

### Harding Succeeds Satterlee.

Washington, Nov. 11.—Rev. Dr. Alfred M. Harding, for the past twenty-two years rector of St. Paul's Episcopal church, this city, was elected bishop of Washington to succeed the late Henry Y. Satterlee, at the fourth meeting of the thirteenth annual convention of this diocese.

### Runaway Kills Driver.

Augusta, Wis., Nov. 11.—Carl Wordemann was killed by a runaway team while returning from Fall Creek. He was thrown from his wagon and had his head crushed. He was alone at the time of the accident.

### NEGRO LYNCHED.

Taken From Jail by a Mob and Hanged to a Tree.

Biloxi, Miss., Nov. 11.—Henry Lelley, a negro, charged with criminal assault upon Eliza May Hauser, a fifteen-year-old white girl, was quietly taken from his cell in the jail here by an armed mob of several hundred white men and hanged to a tree about a half mile from town.

The young girl was assaulted by the negro on a road near Back Bay. After beating her over the head, he dragged her into a nearby wood, where he left her lying for dead in a pool of blood. Lelley was captured and taken in his blood-stained clothes before the girl, who positively identified him.

While the chief of police was at dinner the mob formed, slipped in through the rear of the jail and overpowered the one policeman who was on duty, without firing a single shot.

### Kaufman Knocks Out Mustain.

Los Angeles, Cal., Nov. 11.—Al Kaufman still looms up as the most dangerous challenger in the heavyweight division. Delaney's burly protégé knocked out Terry Mustain at the Vernon arena of the Jeffries Athletic club. The finish came in the fourteenth round, a hard right upper cut to the heart sending Mustain to the floor.

## KAISER SCORED BY PARLIAMENT

Emperor William Severely Criticised in Reichstag.

### INDISCREET IN UTTERANCES

His Majesty's Court, His Ministers and His Treatment of the Constitution, as Well as His Freedom of Speech, Discussed in a Manner That Astonished Observers Acquainted With the Traditional Caution of the Chamber.

Berlin, Nov. 11.—Emperor William never has been so severely judged by his parliament as he was during the debate in the reichstag on the interpellations concerning the conversations published with the permission of the emperor in the London Daily Telegraph, on Oct. 28. The criticisms of his majesty's court, his ministers and his majesty's treatment of the constitution, as well as of his freedom of speech, went to lengths that astonished observers acquainted with the traditional caution of the chamber in dealing with the personality of the sovereign. And the emperor seemed to have no defenders.

Chancellor von Buelow made an address lasting fifteen minutes, but he lacked his usual spirit, and a person high in his confidence is authority for the statement that he also had told the emperor that neither himself nor his successors could remain in office unless his majesty was more reserved. Prince von Buelow spoke solemnly, and without making use of any dramatic effects. The house received his explanation in icy silence. Instead of giving it that cordial applause which as a general thing follows the chancellor's fine parliamentary declarations.

### Even Conservatives Are Relentless.

The Conservatives, representing largely the landed nobility, were almost as relentless as the Socialists, the Radicals and the National-Liberals, and the proceedings are regarded by the extreme Liberals as the beginning of a long contest between the crown and parliament that may end in Germany having a ministry responsible to parliament and not to the crown alone.

When Herr Bassermann, the National-Liberal leader, a friend of Chancellor von Buelow, and a specialist in foreign affairs, began discussion of the incident there was hardly a vacant seat on the members' benches, while the galleries were brilliant with the uniforms of officers and the costumes of women. Some thirty foreign newspaper correspondents were in the press tribune.

Herr Bassermann was followed by Herr Welmer, Radical, and he in turn gave way to Herr Singer, Socialist, who declared that if any other servant of the state had done such a thing as had Emperor William he would be brought before an imperial court for trial. Prince von Buelow spoke earnestly in reply to the critics of the government and the emperor. His address was devoid of gesture.

Herr von Heydebrandt and Prince Hatzfeldt, Conservatives, and Baron von Htreling, a member of the Center party, took part in the debate and energetically protested against the personal element being injected into foreign politics.

Herr Liebermann von Sonnenberg, the agrarian and anti-Semite, surprised the house by the vehemence of his utterances. He declared that the monarchists, with heavy hearts, found themselves compelled to protest firmly against the emperor's statements. The nation's confidence, he said, has sunk to zero.

The house then adjourned, and when the chancellor departed the crowds outside the doors cheered and hooted him.

### SLAYERS OF CANNOLE.

Believed to Be Men Who Went Broke in a Poker Game.

Duluth, Nov. 11.—Detectives have learned that the two men who killed James M. Connole in a Proctor pool-room Oct. 30 went broke in a poker game in another building and that they decided to recuperate their fallen fortunes by an attempted robbery, which culminated in a killing.

Two suspects are being shadowed by detectives and arrests may take place in the next twenty-four hours. The two men, it is said, have never left Proctor.

### TAFT AND HITCHCOCK MEET

Talk Over the Phases of the Last Campaign.

Hot Springs, Va., Nov. 11.—President-elect Taft and his national chairman, Frank Hitchcock, had a long and pleasant chat over the many phases of the last campaign. It was the first opportunity for such an extended and cordial exchange of views and at its conclusion both the president-elect and the national chairman expressed their pleasure in the interview.

"We chucked each other under the chin and enjoyed many things in the campaign that were decidedly serious before," said Judge Taft. He added that Mr. Hitchcock had told him many interesting things that he had not known respecting the pre-election work, and Chairman Hitchcock said that he had had the pleasure of informing Judge Taft that the campaign had been conducted so far as he was concerned without the giving of a single promise or pledge which would bind Judge Taft as president, either in exchange for personal service in the campaign or for contributions to the Republican cause.

"I had known all this before," commented Judge Taft, "but it was gratifying to have the statement come direct from the national chairman at the conclusion."

Mr. Taft was told about the campaign fund which Mr. Hitchcock is to make public in detail in a few days. The national chairman said that this fund was smaller in its aggregate than any similar fund since the record of such funds had been kept and that it was collected from every state in the Union and represented a wider distribution of support than ever before.

Mr. Hitchcock said that New York and the East furnished proportionately the largest part of the fund.

"The make-up of the cabinet was not discussed," was the statement of both participants to the conference.

### TO COURT OF ARBITRATION

Question at Issue Between France and Germany to Be Submitted.

Paris, Nov. 11.—The question that has arisen between France and Germany over what has come to be known as the "Casa Blanca incident," arising out of the arrest by the French authorities of German deserters from the French foreign legion, will be referred to a court of arbitration. M. Jules Cambon, the French ambassador at Berlin, and Baron von Waechter, the German acting secretary for foreign affairs, signed an agreement looking to the settlement of the matters in dispute.

The official text of the agreement sets forth that after an exchange of expressions of regret that the incident occurred the entire question of law and facts shall be submitted to arbitration. No mention is made of The Hague tribunal, the selection of the court being left open for adjustment later.

The agreement also provides that the country whose agents are adjudged at fault shall make an apology to the other.

## DEFENSE OF ALLEGED MURDERER OUTLINED

Contended That Mrs. Gunness Still Is Alive.

Laporte, Ind., Nov. 11.—The Lamphere case in the Laporte circuit court, in which Ray Lamphere is charged with the murder of Mrs. Bella Gunness and her three children, came to an abrupt halt when the second venire had been exhausted without a jury having been obtained. With the examination of George H. Teeters, who was peremptorily excused by the defense, the examination of sixty-two talesmen, twelve from the regular panel and fifty on two special venires, was concluded, and so Judge Richter at once ordered a third venire.

With the adjournment of court ten Jurymen accepted by both the state and the defendant's attorneys were in the box with pretty fair indications that all of them will remain on the jury as finally accepted.

The defense, convinced now that it will be necessary to introduce evidence for the purpose of clearing Lamphere, made public some of the new evidence in its possession, the principal of which is the story of Fred Lambright, a neighbor of Mrs. Gunness, who now claims that one night in July as he was driving to town he saw a man and a woman in a buggy drive into the Gunness yard. He heard the woman say "the money ain't here," after she had jumped out of the rig and walked around the ruins of the burned house. He says that the woman was built very much like Mrs. Gunness, looked like her and the voice was similar to that of Mrs. Gunness. The man, he says, he did not recognize. This evidence, Attorney Worden states, is to be used to corroborate the story of D. M. Hudson and his two daughters, who will testify for the defense that they saw Mrs. Gunness on July 9.

### THE KILLING OF CARMACK

The Absorbing Topic of Conversation in Nashville.

Nashville, Tenn., Nov. 11.—The body of former Senator E. W. Carmack, who was killed here in a street duel with Robin J. Cooper, has been sent to Columbia, Tenn. Impressive scenes at the union station marked their departure. Members of the W. C. T. U., whose cause Mr. Carmack had ably championed, gathered at the station in numbers and as the casket was borne in, joined in singing "Lead Kindly Light" and "Stand for Jesus." A brief address was delivered by Rev. Ira Landrith. Mrs. Carmack and a few of her closest friends were on the special car which conveyed the body, and the profusion of flowers was but another of the many testimonials of grief from hosts of friends and sympathizers. All during the morning hours a stream of callers had entered the home of Frank Lander, where the body lay. When the funeral party reached Columbia it was met by a large concourse of friends. The body was at once taken to the Carmack home, where the funeral services will be held.

The tragedy was the absorbing topic in Nashville, and many sensational rumors have circulated.

Robin Cooper, who fired the fatal shot and who was himself wounded, is under arrest at a local hospital. He is doing well, but his physicians stated that the wound, which is near the collar bone, is in a dangerous place and complications are not unlikely. Colonel D. B. Cooper, who was with his son when the shooting occurred, has been transferred from police headquarters to the jail. He had nothing to say.

Friends of Carmack are loud in their condemnation of the Coopers.

Brainerd shows every indication of entering on an era of great prosperity. Let everyone boost and help the good work on.

MISSOURI having twice cast its electoral vote for a republican president and having elected a republican governor can now be classed as a republican state.

THE business outlook is brighter every day. Why is it that confidence returns when republican policies prevail at the polls, and democratic success is followed by national gloom and business depression?

"It looks like there is going to be plenty to be thankful for," exclaims the Duluth Herald, which gave lukewarm support to the "peerless leader." Like many another alleged supporter of his, The Herald, apparently considers, and rightly so, his defeat as one of the things to be thankful for.

THE new city council, in addition to perfecting all the preliminary work for establishing the water works plant, should also plan for considerable street improvement next year. The curbing of the entire north side would be a desirable move, and one that would meet the approval of substantially all the property owners of that section of the city. Oak street, also, should be curbed and paved from 6th street to the eastern limits of the city. The people want these things done.

## EAT ANY FOOD WITHOUT FEAR

A Dieted Stomach Gets Blue and Grumbles for a Good Eat

END ALL STOMACH MISERY

Diapiesin Will Regulate Your Stomach Before you Realize it

Miserable indeed is the man or woman whose digestive system is unstrung—who goes to the table and can not eat or what little is eaten seems to fill them and lays like a lump in the stomach, refusing to digest.

If you, dear reader, suffer this way and will put on your wraps now and get from your pharmacist a 50-cent case of Pape's Diapiesin and eat one 22-grain triangle after your next meal you would appreciate, five minutes later, how long you suffered unnecessarily.

There will be no more indigestion—no misery in the stomach—no sour rising or belching of gas, no heartburn, flatulency or eruptions of undigested food and acid or feeling of nausea, fullness, headache or other symptoms of a weakened stomach.

Stomach trouble and indigestion vanish like snow before the blazing sun.

When Diapiesin works your stomach rests—gets itself in order. Diapiesin purifies and sweetens a sour stomach and freshens the intestines without the use of laxatives, and what is more, it increases the gastric juices. This is what your stomach is begging for—more and better digestive juices. This is what makes you hungry and want to eat, and you can rest assured what you then eat will be taken care of properly and not left in the stomach to ferment and turn to gas and acid, and poison the breath with nauseous odors.

Get a 50-cent case from your druggist now—you ought to have Diapiesin about the house always. Should one of your family eat something which does not agree with him or her or a sour stomach or excessive gas, one triangle will always give immediate relief.

### NATURE'S WARNING

Brainerd People Must Recognize and Heed It

Kidney ills come quietly—mysteriously.

But nature always warns you. Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment, Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes.

Doan's have done great work in Brainerd.

P. M. Bisiar, living at 412 S. Twelfth St., Brainerd, Minn., says: "I suffered from occasional attacks of kidney trouble for some years. There was a lameness across the small of my back, which soon developed into a constant dull ache. When the spells were at their height, the secretions became somewhat irregular in action and deposited a heavy sediment. This was sufficient indication that my kidneys were disordered and when I heard Doan's Kidney Pills so highly recommended, I procured a box from H. P. Dunn's drug store. A local physician said that I could use nothing better. They entirely cured me and my experience has proven them to be a very effective remedy."

## TO BE LEFT WITH JUDGE McCLENAHAN

Case of Ralph Morey, Slayer of John Bushway Will be Left to his Decision

### PRELIMINARY HEARING WAIVED

Attorney M. E. Ryan Appeared in His Behalf and Announced Agreement on Case

There will be no preliminary hearing of Ralph Morey, the lad who killed John Bushway in West Brainerd last Saturday. That was decided upon by agreement of County Attorney Warner and Attorney M. E. Ryan, who has been retained to look after the interests of the lad. When the case was called in the municipal court this morning Mr. Ryan stated that there was no disposition on the part of the parents to obstruct the course of justice and they thought that the welfare of the boy demanded that the law be permitted to take at least a part of its course. There is no dispute as to the facts of the shooting he said and the only question is that of the capacity of the lad to commit the crime. In regard to that he said the presumption of the statute is in the lad's favor. It had been agreed, he stated, between himself and the county attorney that the entire matter should be left in the hands of Judge McClellan and he requested that the boy be committed to the custody of the sheriff until such time as the judge should have recovered from his recent accident and be able to take up the case. He called the attention of the court to a section of the statute prohibiting the placing of a boy under 14 years of age in jail and asked that the commitment be so made as to accord with the law. Mr. Warner stated that this was as agreed upon between him and Mr. Ryan. It was not quite clear, he said, what should be done with the boy and he believed the entire matter should be left to Judge McClellan. Judge Gardner committed the boy to the custody of the sheriff as requested.

"I bought a bottle of your 6089 for my wife who was suffering with rheumatism. She used one-half bottle and is entirely cured. I took the balance of the bottle for a tonic and blood purifier and found it to do all that is claimed for it."

## WOULD PLAY BRAINERD

Duluth News Tribune Says Central High Would Like to Take the Conclt out of Brainerd

The News-Tribune of this morning intimates that the Duluth Central High would like to take a fall out of the Brainerd High at football here next Saturday. When the paper was shown Manager Mahlum today noon he said that it would be impossible to play them this coming Saturday as the notice was too short, but both he and Coach Sanborn stated that they would be glad to accommodate them a little later, on Thanksgiving if possible. The News-Tribune publishes the following followed by about as much more telling how their team was handicapped by the loss of some of its best players:

"There is a bare possibility that the Duluth Central High football team will go to Brainerd next Saturday to play the high school eleven of that city. Negotiations have been opened.

"If this contest is pulled off, it will settle the question of the football championship of northern Minnesota high schools. Brainerd has performed on the gridiron a number of times this season and has won all its games. Not taking into consideration the quality of the crews beaten, the Brainerd players are out with a big noise about the 'championship of northern Minnesota.' As a matter of fact they may have the best team in the north. However, the only team of any consequence that they have beaten was St. Cloud and they are not very big potatoes at that.

"The Central High of Duluth have played most of the good teams in the north country and beaten them all. The only eleven that was able to grab the big end of the score away from the locals was the Central team of St. Paul. This victory was decisive. The Duluth boys admit that the Apostles had it on them; but they will not admit that Brainerd or St. Cloud can hand them anything. This tip is played straight all the way."

## MRS. REED IS UNDER ARREST

Woman Who Threatened Mrs. Phipps Placed in Jail.

AT REQUEST OF MILLIONAIRE

Denver Police Again Take Into Custody the Wife of a Druggist of That City—Alleged Blackmailer Supposed to Be a Slave to the Drug Habit, as Her Income Exceeds Twelve Thousand Dollars a Month.

Denver, Nov. 11.—Further developments as to the identity of the woman who on Monday threatened Mrs. Genevieve Chandler Phipps with death unless she delivered over \$20,000 within an hour, show that it was not the need of money that influenced her to attempt blackmail, but must have been the suggestion of a diseased mind. After learning that the woman was the wife of Allen Reed, a druggist of this city, investigation showed that Mrs. Reed is one of two daughters of a Springfield, Mass., millionaire woolen manufacturer, named Campbell who died recently, leaving a large estate to his daughters. Mrs. Reed's income from her share is more than \$12,000 a month. The police are convinced that Mrs. Reed is insane, perhaps from the use of drugs, and they turned her over to the care of her husband, who arrived from Buffalo Park, Colo., as soon as he learned that his wife was in trouble. Mr. Reed suggested that perhaps he would place his wife in a private sanitarium for treatment. Although Mrs. Reed displayed better mental control toward the last of her interviews with Chief of Police Armstrong, she is unable to explain her attempt to coerce Mrs. Phipps into giving her a large sum of money and cannot remember where she procured the dynamite with which she threatened the life of Mrs. Phipps and her daughter Helen. One theory is that Mrs. Reed was returning from Pittsfield to Buffalo Park, where she was to join her husband at their country home, and while stopping off here between trains, she was struck with the idea of extorting money from Mrs. Phipps. It is evident that she intended to go on to Buffalo Park at first, for all her trunks and baggage had been checked for that station.

Lawrence C. Phipps, the Pittsburg millionaire and divorced husband of Genevieve Chandler Phipps, through his attorney, Gerald Hughes, requested the police to rearrest Mrs. Reed and hold her in custody pending further action in the case. The police refused to say what action Mr. Phipps proposed to take and all efforts to communicate with Mr. Phipps himself or his attorney have been unavailing. Mrs. Reed was arrested and placed in a cell.

## COMMUNITY WROUGHT UP.

Incendiary Fire and Stabbing Affray Cause Excitement in Kentucky.

Lexington, Ky., Nov. 11.—As a result of an incendiary fire destroying the drugstore and office of Dr. W. B. McClure at Sherburne, Bath county, one man is under arrest, another is probably fatally stabbed, and the whole community is so wrought up over the affair that rioting is expected there. Captain V. G. Mulliken received a telephone message from Sherburne to come there with his bloodhounds. He arrived at Sherburne early in the day. The dogs at once took up the trail at the site of the burned buildings and followed it to the home of Harry Morgan. Mulliken was accompanied by T. G. Daugherty, whose barns were destroyed by night riders last spring. As Mulliken turned to leave the house with Daugherty and Morgan under arrest, young Harry Morgan stabbed Daugherty twice. For a time a general fight seemed imminent, but the cooler men in the party prevented this. Harry Morgan is held at Sherburne.

## AGED MAN KILLS HIS WIFE

Then Attempts to End His Own Life by Hanging.

Viroqua, Wis., Nov. 11.—In a fit of insane jealousy, eighty-four-year-old Eland Olson killed his wife, one year his junior, and then attempted suicide. Olson on frequent occasions recently, it is reported, had upbraided his wife, claiming she was receiving attentions from a farm hand. A son of the couple found his mother weeping in her own blood with a deep gash in the back of her head, where she had been struck by an axe. In another room he found his father hanging from a rope with blood gushing from a deep cut in his abdomen. The husband cannot recover.

## Advocates Big Ship Canal.

Columbus, Ga., Nov. 11.—A ship canal from the Atlantic ocean to the Mississippi river was the project advocated before the convention of the Gulf-Coast-Inland waterways association, by Dr. W. J. McGee, secretary of the bureau of soils of the national conservation commission.

## Two More Fire Victims Dead.

Lead, S. D., Nov. 11.—Horace Watson of Springfield, S. D., and Ella Hawks of Mercer, Pa., burned in Monday's fire here, are both dead. Gladys Hall of Kansas City cannot live and the recovery of four others is doubtful.

## None Left Alive.

"An orator," said one of our statesmen, "was addressing an assemblage of the people. He recounted the people's wrongs. Then he passionately cried: 'Where are America's great men? Why don't they take up the cudgel in our defense? In the face of our manifold wrongs why do they remain cold, immovable, silent?'  
"Because they're all cast in bronze!" shouted a cynic in the rear."

## Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.  
It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.  
For stomach distress, bloating, biliousness, bad breath and salivary complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

## BOILER EXPLODES AND SINKS SHIP

Five Persons Killed and Many Others Injured.

North Bay, Ont., Nov. 11.—When the steamer Temiskaming was approaching the landing at Temiskaming the boiler exploded, wrecking the steamer and causing the death of at least five persons by explosion or drowning. Several of the passengers and crew were hurled into the water by the shock and many are injured.

Owing to the remoteness of the scene of the disaster details are lacking. A man named McBride, a hunter from the United States, is missing and there is little doubt of his fate. J. Menard and T. Bergouhan, firemen, and two men whose names are unknown, are dead.  
Six are badly burned and several may die. A special train was dispatched from Mattawa to take the injured to that town.

## ENGINE HITS AN AUTO.

Four Persons Killed and One Slightly Injured.

Red Bluff, Cal., Nov. 11.—In a collision between an automobile and a locomotive in this city four persons were killed and one was slightly injured. The dead are:  
George K. Willard, Mrs. G. K. Willard, Miss Olive Willard and Mrs. Irene Hayes.  
Imogene Willard was slightly injured.

The automobile carrying the Willard family and Mrs. Hayes was struck by the engine of a special train carrying General Superintendent Young and several division superintendents of the Southern Pacific railroad on a tour of inspection.

Mr. and Mrs. Willard, their daughter and Mrs. Hayes were thrown a distance of 200 feet and killed.

The trainmen say that the automobile carried no lights.

## FLEE FROM DEATH VALLEY

Miners Desert District Because of Earthquakes.

San Bernardino, Cal., Nov. 11.—Death valley and the surrounding country are in the throes of a series of earthquakes, which began three weeks ago and the most violent of which occurred last Wednesday morning before daylight, carrying consternation among the mining camps and resulting in many miners and prospectors fleeing from the district.

Samuel Lawrence, one of the first miners to reach here with details of the earthquakes, said that for three weeks past there have been one or two rumbles daily. They have all been light with the exception of that which upheaved the district Wednesday. The dismal crags of the Funeral range seemed to fairly totter when the severe shock came. Miners were tossed from their bunks, camp equipment was scattered about, horses and mules stampeded and immense boulders were thrown down. At daybreak the miners commenced to leave.

## The Gatling Gun.

Richard Jordan Gatling, the inventor of the gun bearing his name, was a native of Hertford county, N. C., where he was born in 1818. The Gatling gun was not used to any extent during the war between the states, a dozen or so being employed by Butler on the James river. The invention was not made fairly practical until 1865, when the gun was adopted into the United States service.

Of land animals the rabbit holds the palm for rapid increase. A rabbit breeds seven times a year, producing about eight young at a time.
